RE: Retention for Chapter 11 Filing

Dear Mr. Martin:

We are pleased to confirm the availability of the Obuchowski Law Office to provide legal representation to you with respect to the filing of a Chapter 11 case in the District of Vermont. I will serve as your primary contact with our firm, although I may obtain the assistance of other attorneys in my firm in connection with this representation. I presently anticipate that Jennifer Emens-Butler and Bernard Lewis will be assisting in this representation.

The purpose of this letter is to establish our agreement with regard to the nature and scope of our retention and to provide to you and the corporation a summary of the obligations in connection with our retention.

SCOPE OF REPRESENTATION

With your assistance, and the assistance of other employees of the corporation, we shall prepare and file with the Bankruptcy Court all necessary and appropriate documents required by applicable law in connection with the initiation and operation of a Chapter 11 bankruptcy case. Our retention includes representation of the corporation as required under applicable bankruptcy law and rules. We will appear at all hearings where the attorney for the debtor is required to appear and we will keep you advised as to all events that take place or that we anticipate taking place in the Bankruptcy Court with regard to the pendency of the Chapter 11 case.

For all purposes of this bankruptcy case, and otherwise, the client shall be Rutland Fire Clay Co., and also doing business as Rutland Products. (the "Corporation" "you" or "Client"). All duties and responsibilities created and imposed by this Agreement shall be owed to Corporation and not to any officer, agent, partnership, other corporation, trustee, employee or third party as individuals, unless expressly otherwise agreed, and then only after full and accurate disclosure to the court and other necessary parties. The parties to this agreement will immediately disclose any contemplated relationship to the United States Bankruptcy Court, the United States Trustee, all parties in interest, and all other parties entitled to receive notice.

The Corporation, by its board of directors, has authorized and empowered Raymond J. Obuchowski, and the Obuchowski Law Office to handle a Chapter 11 bankruptcy case in the United States Bankruptcy Court, utilizing such legal means as are available under the Bankruptcy Rules and the United States Bankruptcy Code, and other applicable statutes and case authorities. The Corporation has prepared a corporate resolution authorizing the retention of the Obuchowski Law Office and the filing of a Chapter 11 bankruptcy case. Corporation also warrants that the corporation

is in good standing with the State of Vermont. At the onset of this case, we will seek to have the Corporation jointly administered with its companion bankruptcy case, Rutland Inc. of Illinois. If granted, we expect that from then on, representation of the two corporations for our purposes will merge.

The Obuchowski Law Office will act as the Corporation's bankruptcy counsel to advise and consult with it regarding the legal aspects of its creditor situation, including an initial review of relevant documents and counseling with regard to insolvency alternatives and negotiating with the representatives of the Asbestos creditor body in an effort to prepare a consensual Chapter 11 reorganization.

The retainer described below does not include representations of Corporation in connection with out-of-court negotiations with its creditors and/or any other bankruptcy case which might be filed by or against it. If the Corporation requires such representation, additional financial arrangements will be necessary. The Obuchowski Law Office's employment as Corporation's bankruptcy counsel does not include the following: appearances before any court or agency, or the provision of advice outside the insolvency area, in areas such as corporations, taxation, securities, torts, environmental, labor, criminal, employee benefit and pensions, or real estate law. Further, the limited scope of our employment does not include giving attention to, forming professional opinions as to, or advising you with respect to, your disclosure obligations under federal securities or other nonbankruptcy laws or agreements. Finally, if any officers or directors require representation as debtor in possession in one or more bankruptcy cases, such officers and directors and Obuchowski Law Office will have to consider whether Law Firm's continued joint representation of both of them would be appropriate.

You have represented to us that the Corporation has retained the law firm of Chapman & Kupferer to represent it in all matters outside the scope of our employment. Obuchowski Law Office is relying on the availability of that firm to handle those matters. Indeed, it is a condition of our employment that the Corporation continues to retain competent general counsel to handle matters beyond the scope of our representation.

Our representation of you in this matter is limited to legal matters only. We are not qualified to give advice on non-legal matters such as accounting matters, investment prospects or other business advice, and we suggest you obtain professionals in those fields if you wish advice in those areas. Further, we remind you that litigation is by its nature uncertain and we have made no representation to you that you will prevail in this matter.

The parties agree that the following categories of persons or entities as defined under the Bankruptcy Code are excluded from this representation: (a) officers, directors, stockholders, or other "controlling persons" in connection with any personal liability arising from any failure of Rutland, Inc. to pay withholding and other taxes; (b) the filing of any proofs of claim or interest by such "controlling persons" in the bankruptcy case; (c) the defense of any claims asserted by a creditor, party in interest, creditors' committee or trustee against such "controlling persons" for the recovery of excess compensation, insider preferences, fraudulent transfers, setoffs, or for the equitable subordination of claims; (d) the assertion or right to assert that any property in the possession of Corporation is the personal property of such "controlling persons"; (e) any effort on the part of such "controlling persons," either directly or through another person or entity, to purchase any of the property of the estate from the debtor-in-possession or Trustee if a sale not in the ordinary course of business is authorized by the Court; (f) the assertion by any "controlling persons" of any privilege against self-incrimination; and (g) any other matters which in the exercise of the professional judgment of counsel may create a conflict of interest, an appearance of impropriety, or a legal or moral position not otherwise approved by the Rules of Professional Conduct. In the event such conflict appears, the Obuchowski Law Office will notify the Court and the United States Trustee as soon as practicable.

In the course of our representation, we will be asked to give advice on numerous matters. Advice falls into two categories: (i) advice based on the general knowledge of law and experience of the attorney involved; and (ii) advice, referred to as an opinion, expressed in a formal way after conducting as much research as we feel necessary to assure

October 3, 1999

Retainer Letter to Tom Martin for Rutland Fire Clay Co.

Page 3 of 12

that the advice is based on a sound factual basis and reflects the most recent legal authority in the field. The former should not be relied upon as the position of the firm and does not provide the same level of assurance as the latter.

For years, Obuchowski Law Office has maintained a policy that it does not provide opinion letters to its clients or to others who might wish to rely on such letters. We do not alter this policy except under very unusual circumstances and then only upon further written agreement, as approved by a special committee of the firm, which provides for compensation to us for the special risks attendant to the furnishing of such opinions.

We have discussed with you various legal and factual considerations involved in the corporation's representation in this Chapter 11 case. It is our goal to assist the corporation in its reorganization efforts and to file and have approved a disclosure statement in connection with a plan of reorganization. It is our further goal that such plan of reorganization be approved by the requisite number of creditors and by the Bankruptcy Court, and that the plan of reorganization, so approved, be fully consummated. However, we cannot provide to you any guaranty of the results that may eventually occur. Furthermore, because of the various uncertainties involved in Chapter 11 proceedings, we cannot guaranty to you any maximum fee that may be incurred by our firm as a result of our representation of the corporation in this Chapter 11 case. We have discussed with you the various uncertainties related to Chapter 11 proceedings and you have acknowledged your understanding of the existence of those uncertainties.

We will at all times act on your behalf to the best of our ability. Any advice concerning the outcome of your legal matters are expressions of our best professional judgment, but they are not guarantees. Such advice is necessarily limited by our knowledge of the facts and is based upon the state of the law at the time it is expressed.

We understand that we will be authorized to employ, on your behalf, those experts, consultants, court reporters, investigators, and other persons that we may believe are necessary in the course of this representation.

FEES AND EXPENSES

As we have also discussed, the Bankruptcy Code allows the attorney for the debtor to take a retainer prior to the filing of the case but typically does not allow the debtor's attorney to be paid again until the expiration of the initial 120-day period after the case is filed. Accordingly, it is necessary for us to obtain a retainer that we believe will be sufficient to cover the fees and expenses that we expect to incur within the first several months of the case. We have determined that the retainer that we would request with respect to a Chapter 11 filing for the Corporation would be in the amount of twelve thousand and five hundred dollars (\$12,500). This retainer would have to be paid in full prior to the filing of any case under Chapter 11 by our firm. The firm has advised that it would require a retainer in the amount of \$25,000.00 for the joint cases of Rutland Fire Clay Co. and Rutland Inc. of Illinois. The retainer has been divided in ½ with \$12,500 being received from each respective Company. In the event the case is jointly administered, the retainers shall be treated as one, and applications for compensation will provide for the treatment of the two Debtors as one.

The retainer is held in trust by my firm and is billed against during the course of the case. Billings are made on a monthly or periodic basis based upon our normal hourly rates for attorneys performing the services. My current hourly rate is \$150.00. Although I would be the partner in charge of your case, I would delegate those matters which can be properly handled by associates. I make decisions about delegation based upon the level of skill required for the task and in order to insure the most efficient and cost effective representation of you individually. Associates' rates are generally from \$100 to \$125 per hour. My rates are \$150 per hour. All expenses which we incur in the representation of your company in the Chapter 11 would be charged against the retainer as well. These would include, but would not be limited to, any postage or copying charges for any large or out of the ordinary mailings, delivery charges when hand deliveries are necessary and/or federal express charges when overnight delivery is necessary, telecopying charges when it is necessary to telecopy items in order to expedite the handling of the case, long distance telephone charges, mileage

Page 4 of 12

for any out of town travel and any and all necessary and related expenses. To the extent possible and practical, I will have you directly undertake the handling and payment for large mailings or publications of legal notices.

All attorneys fees and expenses must be approved by the Bankruptcy Court based upon fee applications which we file periodically. Those applications contain a complete description of all of the services performed and the time spent performing same, in accordance with the United States Trustee guidelines, a copy of which is attached. All items are itemized in the fee application. Once the retainer has been used, we would seek authority under the Bankruptcy Code for you to pay such additional retainers and/or fees as are necessary to fully compensate our firm for its services in the Chapter 11 proceeding.

The parties agree that the Obuchowski Law Office may, in its discretion, increase the scheduled hourly rates and costs of reimbursable expenses as necessary during the course of the engagement, subject to bankruptcy approval. Additionally, in the event that the Obuchowski Law Office increases its rates or the costs of its reimbursable expenses to its other commercial clients, the higher rates shall be deemed substituted for the initial rates described in this agreement, subject to Bankruptcy Court approval.

The parties agree that the Obuchowski Law Office is not prohibited from seeking approval from the Bankruptcy Court for additional compensation from the debtor's estate beyond the retainer amount and for enhancement of its compensation at rates higher than those scheduled in the agreement or in greater aggregate amount, whether on an hourly basis or a percentage basis as circumstances warrant.

The parties agree that the retainer/case advance is deemed a trust fund, to be deposited in Obuchowski Law Office special attorney trust account. Any interest accrued on the retainer/case advance shall be added to the retainer. If either Corporation or Obuchowski Law Office notifies the other in writing of its decision to terminate this representation, the balance of the retainer/case advance may be applied to all accrued but unpaid fees and expenses for the period before the effective date of termination, with the same type of accounting to the client and judicial review as provided for herein. The balance, of the retainer/case advance, if any, will be promptly returned to Corporation, the debtor-in-possession, or the Trustee, as appropriate.

TRAVEL EXPENSES

Travel expenses are charged by Attorneys as a cost. Travel time is charged on a fee basis. The reason that travel time is charged on a fee basis is that the lawyer is traveling on your business and not his. If the lawyer were not traveling he could be in his office performing other work for clients, or in the case of over night travel, when a lawyer is out of town on clients' business and is not at his home where he can attend to his personal business. Time charges begin at the time the lawyer leaves the office and continue until he returns, with the exception of time spent out of town for his own personal use or enjoyment. Pursuant to the local bankruptcy practice, travel time is charged at one-half (1/2) the normal hourly rate.

As an example: The attorney departs Rutland on the 7:00 p.m. plane to New York, to attend court at 11:00 a.m. the following day. The attorney arrives in New York at 8:00 p.m. and has checked into his hotel by 9:00 p.m. He meets with the clients' witness in the hotel coffee shop for dinner at 9:00 p.m. and concludes that meeting at 10:00 p.m. At 10:00 p.m. he returns to his room to watch the late movie, and retires for the evening at midnight. He rises in the morning and meets with the clients' witness at 8:00 a.m. in the coffee shop, concludes that meeting at 9:00 a.m. He returns to his room and prepares for the hearing from 9:00 a.m. until 10:45 a.m. at which point he departs for the hearing at the courthouse. During this particular sequence the only time not billed to the Client is the time used for the lawyer's personal benefit i.e., the time he watched the movie and slept.

It is frequently the case that this firm sends a lawyer out of town on the business of more than one client. In fact it has been the policy of this firm, in order to save Clients travel fees and travel time to have one lawyer from the

office handle all hearings involved that can be made in one out of town trip and to divide the travel time and travel costs of that trip between all clients whose matters were handled. This is always done unless a particular matter is too complex and necessitates the making of a separate trip by separate lawyers. This effects quite a reduction in travel time and expense. In connection with any out of town trip, Attorneys will compare travel time and travel costs via commercial transportation as opposed to private trips being made by air and by non-scheduled airplane.

We typically incur and pay on behalf of our clients a variety of out-of-pocket costs arising in connection with legal services. These include charges made by government agencies and service vendors as well as clerical charges. Whenever such costs are incurred, we will carefully itemize and bill them. Typical of such costs are long distance telephone charges, messenger, courier, and express delivery charges, telecopy and telex charges, printing and reproduction costs, filing fees, deposition and transcript costs, witness fees, travel expenses, charges made by outside experts and consultants, including accountants, appraisers, and other legal counsel (unless arrangements for direct billing have been made), and charges for automated document production (word processing). We incur outside costs as agents for our clients and incur internal expenses on behalf of our clients, who agree that these costs will always be paid on a regular basis.

The retainer that has been provided to us will be deposited into our trust account. As fees are earned and costs are incurred, money will be drawn from the trust account and appropriate reports will be submitted to the Bankruptcy Court and the Office of the United States Trustee. Periodically, we will file applications with the Bankruptcy Court seeking approval of fees and cost earned and authorization to be paid such additional fees and costs as may be incurred after the initial retainer has been used completely. Those applications will be filed in accordance with applicable Bankruptcy Law and Rules and will include complete recapitulations of all time expended together with narrative discussions as well as diary billings in one-tenth of an hour increments with respect to all matters for which fees and costs are applied for.

We reserve the right to make at your expense and retain copies of all documents generated or received by us in the course of our representation. When you request documents from us, copies that we generate shall also be made at your expense, including both professional fees for time expended in reviewing files to be copied and reproduction costs.

Our customary procedure is to bill promptly after the first of the month for services rendered and costs incurred during the previous month. We require all statements to be paid within two weeks from the date of the invoice. Because services will be rendered to Corporation in the context of a Chapter 11 case, fees and expenses will be applied for and approved by the Bankruptcy Court before being billed to and paid by Corporation.

You agree to notify us in writing if you dispute any billing entry or computation. If you fail to do so within thirty (30) days after the date of a statement, all entries shall be deemed by both you and us to be fair and correct.

If you disagree with the amount of our fee, please take up the question me directly. Typically, such disagreements are resolved to the satisfaction of both sides with little inconvenience or formality.

While we hope that it will never become necessary, in the event of litigation before any court or tribunal concerning the amount of attorney's fees and/or costs billed or the terms of this agreement, the prevailing party shall be entitled to reasonable costs and attorney's fees incurred in such litigation. Should the firm represent itself in such litigation, the firm shall be entitled to recover reasonable fees for the time spent on the litigation based on the standard hourly billing rate(s) of the attorney(s) involved. The firm will be considered the prevailing party if it recovers any amount, by judgment, arbitration, stipulation or otherwise, in excess of your last written offer of settlement.

DISCLOSURE OF CONFLICTS

Because of the specialized nature of its practice, from time to time our firm may concurrently represent one client in a particular case and the adversary of that client in an unrelated case. Thus, for example, while representing Corporation, Obuchowski Law Office may also represent a creditor of Corporation in that creditor's capacity as a debtor or as a creditor of an entity which is not related to Corporation. In addition, while representing Corporation, Obuchowski Law Office may represent an account debtor of Client as a debtor in reorganization case or in connection with out-of-court negotiations with such entity's creditors concerning the entity's ability to pay its debts generally. Please be assured that, despite any such concurrent representation, we strictly preserve all client confidences and zealously pursue the interests of each of our clients, including those circumstances in which we represent the adversary of an existing client in an unrelated case. Client agrees that it/they/you do not consider such concurrent representation, in unrelated matters, of Client and any adversary to be inappropriate and therefore waives any objections to any such present or future concurrent representation.

An attorney at Obuchowski Law Office has parents who are attorneys at other law firms and companies. Those law firms and companies are Chester, Wilcox & Saxbe in Columbus, Ohio. More specific information about the individual attorneys expected to render services on your behalf is available upon request. Obuchowski Law Office has strict policies against disclosing confidential information to anyone outside of the firm, including spouses, parents, children, siblings, fiances and fiancées. You agree that you do not consider our representation of you to be inappropriate in light of any relationships described above.

We will, in the future, perform conflicts checks when you retain us for other matters and will advise you of any conflicts we discover that would preclude our representation of you. You have been informed, and we restate here, that I, Raymond J. Obuchowski, have made application to the Second Circuit to become the next bankruptcy judge for the District of Vermont. In the event of my appointment, this Office's representation of you will cease, although, as we discussed, we will make all efforts to bring the case to conclusion prior to being sworn in. Further, in the event that the case has not been completed before such appointment, we will assist in any transition to substitute counsel.

Although your respective interests within the scope of this representation do not appear to presently conflict, the possibility of conflicts of interest always exists when we are retained by multiple clients. If such a conflict does arise, we may be required to withdraw from representing either of you in this matter. Additionally, you should be aware that communications to us by either of you in the scope of this representation will not be subject to attorney-client privilege vis-a-vis the other.

While confidential communications between a client and counsel are privileged, Client should be aware that the filing of a bankruptcy case may severely impact upon this attorney-client privilege. Specifically, if a trustee is appointed in any bankruptcy case concerning a corporate debtor, the trustee will be able to obtain from us or any other counsel to the corporation and disclose to others information communicated by the corporation to counsel.

DUTIES OF CLIENT

The officers of the corporation have agreed to fully cooperate with us in providing to us all documentation and information which we may request in the course of our representation to the corporation in this Chapter 11 case. The corporation agrees to timely execute all necessary and appropriate documentation that may be required in the course of our representation and to meet with us upon our reasonable request. The officers of the corporation are expected to be available to appear, in person, at all required depositions, examinations, conferences, hearings and meetings. Shortly after the case is filed there may be an organizational meeting with a representative of the United States Trustee and soon after that there will be a first meeting of creditors pursuant to Section 341(a) of the Bankruptcy Code. You or another officer of the corporation are required to attend both of these meetings with us.

Client agrees to fully cooperate with Attorneys at all times and provide the with such assistance as Client may be able to provide, and to full, promptly, and accurately provide all information requested by Attorneys. Client agrees that in the event a settlement or a compromise agreement is reached with Client's approval in any matters covered under this Agreement, Client will fully comply with a settlement or a compromise agreement approved by Client. In the event Client fails to do so, Attorneys will immediately withdraw as counsel for Client in all such matters, and Client will indemnify Attorneys for any damages caused by such breach, including payment of any costs and attorneys fees which may be incurred by Attorneys. Client's obligations under this Paragraph include the obligation to always provide Attorneys with a current mailing address and telephone number.

We will perform the legal services called for under this engagement, respond promptly to your inquiries and communications, and keep you informed of the status of your matters. It will be your responsibility to keep us apprised of the facts pertinent to our representation, review and comment to us concerning documents we prepare in the course of the engagement, and timely make payments required by this agreement.

You agree to keep us informed as to your whereabouts at all times so that in the event we need to contact you we will be able to do so expeditiously.

The purpose of this letter is to outline the corporation's legal obligations while operating in reorganization under Chapter 11 of the Bankruptcy Code. A corporation that has filed a petition for reorganization pursuant to Chapter 11 is permitted to continue its business as a debtor- in- possession unless the Court should order otherwise. 11 U.S.C. §§ 1107-1108.

A debtor- in- possession is authorized only to carry out those functions that are in the "ordinary course of business," meaning what has become normal or usual for the corporation. If a proposed transaction, such as a substantial sale of property or large investment, falls outside the ordinary course of business, prior court authorization is required. As your counsel we must, therefore, file an appropriate application and obtain a court order for any business transaction which you may desire that is out of the ordinary course of business. If you have any doubts regarding whether a particular transaction is in the ordinary course of your business, you should immediately consult with us.

The debtor- in- possession must do nothing to unreasonably diminish the value of the reorganization estate. In other words, donations, new mortgages, or security interests, large transactions, salary increases or bonuses, or substantial investments would be subject to close scrutiny by the Court and all of your creditors, and should not be done without prior court approval. Preservation and maintenance of assets is critical. Good relations with creditors throughout the reorganization proceedings, regardless of your personal feelings, are also essential. The following is a list of guidelines that should be strictly followed in carrying out duties as debtor- in- possession:

- Do not retain any professional person, independent contractor, or consultant, or agree to compensate any such persons without consulting legal counsel and obtaining prior court approval.
- Do not pay any debts which were incurred prior to the filing of the petition. If you believe that certain debts must be paid, inform counsel before making any such payments, so that court approval can be sought if necessary.
- Maintain a separate account or set aside appropriate moneys for payment of all taxes accruing after the filing of the petition.
- Maintain insurance on all property and change your coverages to insure your interest as debtor- in- possession. The insurance should afford full protection against loss and include fire, theft, personal injury (including umbrella liability), and natural disaster coverage.

October 3, 1999

Page 8 of 12

- Ensure that adequate security and fire protection are provided for all assets.
- Make sure that any payments to creditors are being credited on your books and records as post-petition debts and not pre-petition debts.
- Maintain books and records in good order and on a current basis.
- Set aside post-petition FICA withholding in a separate account on books and records, concerning any employees.
- Check with legal counsel before releasing any information regarding your reorganization proceeding. Favorable impressions, including press, are important to public and creditor relations.
- Give notice of your reorganization case to all parties who have sued you. You must advise legal counsel of all pending litigation, and, to the best of our knowledge, this has already been provided to us.
- Inform legal counsel immediately if any governmental agency, federal or state, seeks to conduct an investigation of your business affairs.
- Insider, affiliate and family transactions between one another are ordinarily suspect. If a proposed transaction with an insider becomes necessary, the terms and conditions of such transaction should be fully disclosed to all interest parties, and prior court approval should be sought.
- Change all bank accounts to reflect your particular status as debtor-in-possession as Ordered by the Court.
- Maintain debtor-in-possession accounts only in authorized depositories and accounts. Consult legal counsel as to whether a particular bank is an authorized depository. Transfer all prior accounts to an authorized depository and identify them as debtor-in-possession accounts.
- Deposit accounts in banks should not exceed \$100,000 at any time (maximum account of FDIC insurance). Additional deposits in a single account must be secured by the depository bank pledging sufficient securities to the Federal Reserve.
- Notify all current depository banks of the commencement of this case.
- Always be prepared to explain and document all withdrawals from any accounts opened after filing of the bankruptcy petition.
- Special accounts that are not authorized by statute must be authorized by the Bankruptcy Court. Please consult with legal counsel about this.
- Establish a procedure regarding check signing authority and justification for expenditures.
- Segregate trust funds, such as deposits or taxes, from operating funds, and maintain all trust funds in designated depository accounts. Under no circumstances should tax or other trustee funds be commingled with the funds of the debtor-in-possession operating accounts.

October 3, 1999

- Do not give any assurances of payments to creditors who were in existence prior to filing of the petition.
- Do not incur any liabilities that cannot be paid; these liabilities are administrative priority expenses.
- Establish accounting and bookkeeping procedures to allow for immediate access to financial information regarding cash and security positions. As debtor-in-possession, you are required to file monthly reports with the court, summarizing cash transactions and other financial data.
- Avoid excessive expenditures, particularly for unnecessary leased luxury items (cars, special office equipment, etc.).
- Do not make gifts to charity, or anyone else.
- Do not offer, give, or accept any payments that might be interpreted as bribes or wrongful inducements.
- Do not make transfers for other than reasonably equivalent value or outside the normal scope of your business.
- Do not make advances to employees other than actual, anticipated expenses.
- Maintain complete accountings of all cash expenditures, including vouchers and receipts.
- Do not engage in speculative ventures or activities.
- All capital purchases for vehicles, furniture and machinery should be avoided, unless in the "ordinary course of business." Certain capital purchases may be made if reasonably necessary, or if in the ordinary course of business.
- Provide legal counsel with complete information regarding any proposed sale of assets, sufficiently in advance to permit consultation.
- Assets that are unnecessary to the operation of the company's business and are depreciating in value may have to be sold at a fair price. Bankruptcy Court approval must be obtained for any such sale.
- Any proposed sale of real estate requires notice of a hearing and an appearance before the Court.
- Legal inquiries from creditors should be immediately referred to your legal counsel.
- Extending credit to insiders, relatives, or employees may subject you to criticism. Extending credit in a sale not in the ordinary course of business requires prior court approval.
- Do not borrow, obtain credit, or grant any lien or security interest without court approval.
- With regard to your secured creditors:
 - A. Do not permit any repossessions of your property without Court order;

October 3, 1999

Page 10 of 12

B. Make no payment on any pre-petition debts to the Internal Revenue Service without Court order (required installment payments may be made under certain limited circumstances);

C. Payments on other secured indebtedness may be made only in accordance with Court order;

D. Do not use "cash collateral" without prior court approval. "Cash collateral" consists of cash, negotiable instruments, documents of title, securities, deposit accounts and proceeds of accounts receivable which have been pledged or serve as collateral for a pre-petition debt; and,

E. All valid post-petition liens are enforceable.

- Do not pay pre-petition taxes. If the Company wishes to pay certain pre-petition taxes to avoid penalties that may accrue, prior court approval should be sought.
- Pay all post-petition taxes on a current basis.
- All FICA, withholding and unemployment taxes accruing after the filing date must be deposited on a current basis.
- Contact appropriate authorities regarding state and local taxes to ensure that proper procedures are followed.
- All tax returns normally required must still be filed on a regular basis.
- Post-petition relations with employees should be maintained on a normal basis. Payrolls should be made on time, and taxes should be paid in accordance with the Internal Revenue Service special requirements.
- Within 20 days after filing the petition, you should write a letter to all utility services, notifying them of your Chapter 11 filing date and giving them adequate assurance of future payment. Explain that you intend on paying all post-filing utility bills in a timely fashion. Contact legal counsel immediately if any utility company seeks to cut off service, or if there is any doubt about continuation of service.
- Review executory contracts (to be performed) and unexpired leases to determine whether or not we should notify the Court that such are going to be rejected. Consult with legal counsel and do not perform under these contracts until appropriate arrangements have been made through legal counsel.
- Do not make any pre-petition payments without Court order. All post-petition lease payments should be made on a current basis.
- Contact legal counsel if you wish to retain any professionals such as attorneys, accountants, consultants or appraisers. As debtor-in-possession, you are liable in state or federal courts for any post-petition wrongdoing.
- Keep legal counsel informed of all potential litigation.
- Report to legal counsel any transfer from the corporation within the last year, for which little or no consideration was received in return.
- Report to legal counsel any payment of a pre-petition debt after the filing of the petition.

- Report to legal counsel any payment on or giving of security for an unsecured debt within the last year.

The foregoing outlines many of the responsibilities of a debtor-in-possession. Some of the debtor's duties have previously been performed, others are simply not applicable to you.

One very important aspect of the Chapter 11 is remaining current on your expenses after you enter into a Chapter 11. This means, especially, taxes, utilities, suppliers, wages, and any health or insurance claims you have for your employees. All expenses must be met. On the other hand, you are prevented from paying any past-due debts to any unsecured creditors. Any payment to them at this point may constitute a preferential transfer and may diminish the confidence creditors will have in your plan. There will be a gray area as far as people who have shipped goods to you or are currently providing services and will bill you immediately before or after filing. This will have to be met on a case-by-case basis, and I recommend you bring these to my attention.

Payments made without proper authorization of the Court or for improper purposes may have to be repaid by you as debtor-in-possession. Personal liability for officers or directors may also result if there is a willful or deliberate violation of these fiduciary duties by the corporation. In addition, failure to carry out these duties of a debtor-in-possession may lead to the appointment of a separate trustee or conversion of your case to a Chapter 7 liquidation of assets.

Finally, please be advised that you will have to submit a monthly statement of income and expenditures to the Court. This financial report must contain various information which you may include in the operating guidelines to be provided to you by the United States Trustee's office. You may choose the period to begin these monthly reports at a time which is most convenient to you. However, the period you choose should begin to run within thirty (30) days from the filing of the bankruptcy petition. Once you have completed each report, please contact us and send the form to us. We will retain a copy in our files and see that copies are filed with the Bankruptcy Court and the United States Trustee's office.

TERMINATION

Either of us may terminate the engagement at any time for any reason by written notice, subject on our part to applicable rules of professional conduct. In the event that we terminate the engagement, we will take such steps as are reasonably practicable to protect your interests in the above matter and, if you so request, we will suggest to you possible successor counsel and provide it with whatever papers you have provided to us. If permission for withdrawal is required by a court, we will promptly apply for such permission, and you agree to engage successor counsel to represent you.

Unless previously terminated, our representation of the Company will terminate upon our sending you our final statement for services rendered in this matter. Following such termination, any otherwise nonpublic information you have supplied to us which is retained by us will be kept confidential in accordance with applicable rules of professional conduct. At your request, your papers and property will be returned to you promptly upon receipt of payment for outstanding fees and costs. Our own files, including lawyer work product, pertaining to the matter will be retained by the firm. All such documents retained by the firm will be transferred to the person responsible for administering our records retention program. For various reasons, including the minimization of unnecessary storage expenses, we reserve the right to destroy or otherwise dispose of any such documents or other materials retained by us within a reasonable time after the termination of the engagement.

You are engaging the firm to provide legal services in connection with a specific matter. After completion of the matter, changes may occur in the applicable laws or regulations that could have an impact upon your future rights and liabilities. Unless you actually engage us after the closing to provide additional advice on issues arising from the

matter, the firm has no continuing obligation to advise you with respect to future legal developments.

You may discharge Obuchowski Law Office at any time. Obuchowski Law Office may withdraw at any time with Client's consent or for good cause without Client's consent. Good cause includes Client's breach of this agreement (including Client's failure to pay any statement when due), Client's refusal or failure to cooperate with us, or any fact or circumstance that would render our continuing representation unlawful or unethical.

Obuchowski Law Office reserves the right to withdraw as counsel, under appropriate rules, at such time as fees and/or expenses remain unpaid for more than ten (10) days, or if in its sole discretion it deems itself insecure as to payment of existing or future fees and/or expenses. Corporation hereby waives any objection that it may have as to the motion by Obuchowski Law Office to withdraw as counsel in these proceedings, and consents to such withdrawal.

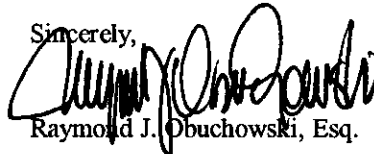

In the event of the depletion of the retainer/case advance, Corporation agrees to pay to Obuchowski Law Office the amount due under any statement submitted by the Obuchowski Law Office within ten (10) days after order of the Bankruptcy Court approving such fees and expenses. To the extent that any fees or expenses are not paid when due, Obuchowski Law Office shall have the right to withdraw as counsel, as noted above.

We trust that this Agreement is not unduly complicated. From our experience, legal matters are complicated by nature. The purpose of this agreement is to set forth the essential terms and conditions of employment in writing, so that both parties have a full understanding. If any of the above is not clear, please advise in writing.

If our representation on the terms above will be satisfactory to you, please sign and return the enclosed copy of this letter. We will commence work in this matter upon receipt of the countersigned letter and required retainer.

We look forward to working with you in this representation. If you have any questions, please contact me.

Sincerely,

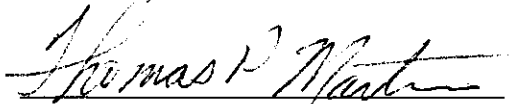

Raymond J. Obuchowski, Esq.

**UNITED STATES TRUSTEE
GUIDELINES FOR REVIEWING APPLICATIONS
FOR COMPENSATION AND REIMBURSEMENT OF EXPENSES
FILED UNDER 11 U.S.C. § 330**

Issued January 30, 1996

I. GENERAL INFORMATION

- A. The Bankruptcy Reform Act of 1994 amended the responsibilities of the United States Trustees under 28 U.S.C. § 586(a)(3)(A) to provide that, whenever they deem appropriate, United States Trustees will review applications for compensation and reimbursement of expenses under § 330 of the Bankruptcy Code, 11 U.S.C. § 101, et seq. ("Code"), in accordance with procedural guidelines ("Guidelines") adopted by the Executive Office for United States Trustees ("Executive Office"). The following Guidelines have been adopted by the Executive Office and are to be uniformly applied by the United States Trustees except when circumstances warrant different treatment.
- B. The United States Trustees shall use these Guidelines in all cases commenced on or after October 22, 1994.
- C. The Guidelines are not intended to supersede local rules, but should be read as complementing the procedures set forth in local rules.
- D. Nothing in the Guidelines should be construed:
1. to limit the United States Trustee's discretion to request additional information necessary for the review of a particular application or type of application;
 2. to limit the United States Trustee's discretion to determine whether to file comments or objections to applications; or
 3. to create any private right of action on the part of any person enforceable in litigation with the United States Trustee.

- E. Recognizing that the final authority to award compensation and reimbursement under § 330 of the Code is vested in the court, the Guidelines focus on the disclosure of information relevant to a proper award under the law. In evaluating fees for professional services, it is relevant to consider various factors including the following: the time spent; the rates charged; whether the services were necessary to the administration of, or beneficial towards the completion of, the case at the time they were rendered; whether services were performed within a reasonable time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; and whether compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in non-bankruptcy cases. The Guidelines thus reflect standards and procedures articulated in § 330 of the Code and Rule 2016 of the Federal Rules of Bankruptcy Procedure for awarding compensation to trustees and to professionals employed under § 327 or § 1103. Applications that contain the information requested in these Guidelines will facilitate review by the court, the parties, and the United States Trustee.
- F. Fee applications submitted by trustees are subject to the same standard of review as are applications of other professionals and will be evaluated according to the principles articulated in these Guidelines. Each United States Trustee should establish whether and to what extent trustees can deviate from the format specified in these Guidelines without substantially affecting the ability of the United States Trustee to review and comment on their fee applications in a manner consistent with the requirements of the law.

II. CONTENTS OF APPLICATIONS FOR COMPENSATION AND REIMBURSEMENT OF EXPENSES

All applications should include sufficient detail to demonstrate compliance with the standards set forth in 11 U.S.C. § 330. The fee application should also contain sufficient information about the case and the applicant so that the court, the creditors, and the United States Trustee can review it without searching for relevant information in other documents. The following will facilitate review of the application.

A. Information about the Applicant and the Application. The following information should be provided in every fee application:

1. Date the bankruptcy petition was filed, date of the order approving employment, identity of the party represented, date services commenced, and whether the applicant is seeking compensation under a provision of the Bankruptcy Code other than § 330.
2. Terms and conditions of employment and compensation, source of compensation, existence and terms controlling use of a retainer, and any budgetary or other limitations on fees.
3. Names and hourly rates of all applicant's professionals and paraprofessionals who billed time, explanation of any changes in hourly rates from those previously charged, and statement of whether the compensation is based on the customary compensation charged by comparably skilled practitioners in cases other than cases under title 11.
4. Whether the application is interim or final, and the dates of previous orders on interim compensation or reimbursement of expenses along with the amounts requested and the amounts allowed or disallowed, amounts of all previous payments, and amount of any allowed fees and expenses remaining unpaid.
5. Whether the person on whose behalf the applicant is employed has been given the opportunity to review the application and whether that person has approved the requested amount.
6. When an application is filed less than 120 days after the order for relief or after a prior application to the court, date and terms of the order allowing leave to file at shortened intervals.
7. Time period of the services or expenses covered by the application.

B. Case Status. The following information should be provided to the extent ~~that~~ it is known to or can be reasonably ascertained by the applica.

1. In a Chapter 7 case, a summary of the administration of the case including all moneys received and disbursed in the case, when the case is expected to close, and, if applicant is seeking an interim award, whether it is feasible to make an interim distribution to creditors without prejudicing the rights of any creditor holding a claim of equal or higher priority.
2. In a Chapter 11 case, whether a plan and disclosure statement have been filed and, if not yet filed, when the plan and disclosure statement are expected to be filed; whether all quarterly fees have been paid to the United States Trustee; and whether all monthly operating reports have been filed.
3. In every case, the amount of cash on hand or on deposit, the amount and nature of accrued unpaid administrative expenses, and the amount of unencumbered funds in the estate.
4. Any material changes in the status of the case that occur after the filing of the fee application should be raised, orally or in writing, at the hearing on the application or, if a hearing is not required, prior to the expiration of the time period for objection.

C. Summary Sheet. All applications should contain a summary or cover sheet that provides a synopsis of the following information:

1. total compensation and expenses requested and any amount(s) previously requested;
2. total compensation and expenses previously awarded by the court;
3. name and applicable billing rate for each person who billed time during the period, and date of bar admission for each attorney;
4. total hours billed and total amount of billing for each person who billed time during billing period; and

5. Computation of blended hourly rate for persons who billed time during period, excluding paralegal or other paraprofessional time.

D. Project Billing Format

1. To facilitate effective review of the application, all time and service entries should be arranged by project categories. The project categories set forth in Exhibit A should be used to the extent applicable. A separate project category should be used for administrative matters and, if payment is requested, for fee application preparation.
2. The United States Trustee has discretion to determine that the project billing format is not necessary in a particular case or in a particular class of cases. Applicants should be encouraged to consult with the United States Trustee if there is a question as to the need for project billing in any particular case.
3. Each project category should contain a narrative summary of the following information:
 - a. a description of the project, its necessity and benefit to the estate, and the status of the project including all pending litigation for which compensation and reimbursement are requested;
 - b. identification of each person providing services on the project; and
 - c. a statement of the number of hours spent and the amount of compensation requested for each professional and paraprofessional on the project.
4. Time and service entries are to be reported in chronological order under the appropriate project category.
5. Time entries should be kept contemporaneously with the services rendered in time periods of tenths of an hour. Services should be noted in detail and not combined or "lumped" together, with each service showing a separate time entry; however, tasks performed in a project which total a *de minimis* amount of time can be combined or lumped together if they do not exceed .5 hours on a daily aggregate. Time entries for telephone calls, letters, and

other communications should give sufficient detail to identify the parties to and the nature of the communication. Time entries for court hearings and conferences should identify the subject of the hearing or conference. If more than one professional from the applicant firm attends a hearing or conference, the applicant should explain the need for multiple attendees.

E. Reimbursement for Actual, Necessary Expenses. Any expense for which reimbursement is sought must be actual and necessary and supported by documentation as appropriate. Factors relevant to a determination that the expense is proper include the following:

1. Whether the expense is reasonable and economical. For example, first class and other luxurious travel mode or accommodations will normally be objectionable.
2. Whether the requested expenses are customarily charged to non-bankruptcy clients of the applicant.
3. Whether applicant has provided a detailed itemization of all expenses including the date incurred, description of expense (*e.g.*, type of travel, type of fare, rate, destination), method of computation, and, where relevant, name of the person incurring the expense and purpose of the expense. Itemized expenses should be identified by their nature (*e.g.*, long distance telephone, copy costs, messengers, computer research, airline travel, etc.) and by the month incurred. Unusual items require more detailed explanations and should be allocated, where practicable, to specific projects.
4. Whether applicant has prorated expenses where appropriate between the estate and other cases (*e.g.*, travel expenses applicable to more than one case) and has adequately explained the basis for any such proration.
5. Whether expenses incurred by the applicant to third parties are limited to the actual amounts billed to, or paid by, the applicant on behalf of the estate.

6. Whether applicant can demonstrate that the amount requested for expenses incurred in-house reflect the actual cost of such expenses to the applicant. The United States Trustee may establish an objection ceiling for any in-house expenses that are routinely incurred and for which the actual cost cannot easily be determined by most professionals (*e.g.*, photocopies, facsimile charges, and mileage).
7. Whether the expenses appear to be in the nature of non-reimbursable overhead. Overhead consists of all continuous administrative or general costs incident to the operation of the applicant's office and not particularly attributable to an individual client or case. Overhead includes word processing, proofreading, secretarial and other clerical services, rent, utilities, office equipment and furnishings, insurance, taxes, local telephone and monthly car phone charges, lighting, heating and cooling, and library and publication charges.
8. Whether applicant has adhered to allowable rates for expenses as fixed by local rule or order of the court.

EXHIBIT A: PROJECT CATEGORIES

Here is a list of suggested project categories for use in most bankruptcy cases. Only one category should be used for a given activity. Professionals should make their best effort to be consistent in their use of categories, whether within a particular firm or by different firms working on the same case. It would be appropriate for all professionals to discuss the categories in advance and agree generally on how activities will be categorized. This list is not exclusive. The application may contain additional categories as the case requires. They are generally more applicable to attorneys in Chapter 7 and Chapter 11, but may be used by all professionals as appropriate.

ASSET ANALYSIS AND RECOVERY: Identification and review of potential assets including causes of action and non-litigation recoveries.

ASSET DISPOSITION: Sales, leases (§ 365 matters), abandonment and related transaction work.

BUSINESS OPERATIONS: Issues related to debtor-in-possession operating in Chapter 11 such as employee, vendor, tenant issues and other similar problems.

CASE ADMINISTRATION: Coordination and compliance activities, including preparation of statement of financial affairs; schedules; list of contracts; United States Trustee interim statements and operating reports; contacts with the United States Trustee; general creditor inquiries.

⌈ **EMPLOYEE BENEFITS/PENSIONS:** Review issues such as severance, retention, 401K coverage and continuance of pension plan.

FEE/EMPLOYMENT APPLICATIONS: Preparations of employment and fee applications for self or others; motions to establish interim procedures.

FEE/EMPLOYMENT OBJECTIONS: Review of and objections to the employment and fee applications of others.

FINANCING: Matters under §§ 361, 363 and 364 including cash collateral and secured claims; loan document analysis.

⌈ **LITIGATION:** There should be a separate category established for each matter (e.g., XYZ Litigation).

MEETINGS OF CREDITORS: Preparing for and attending the conference of creditors, the § 341(a) meeting and other creditors' committee meetings.

PLAN AND DISCLOSURE STATEMENT: Formulation, presentation and confirmation; compliance with the plan confirmation order, related orders and rules; disbursement and case closing activities, except those related to the allowance and objections to allowance of claims.

RELIEF FROM STAY PROCEEDINGS: Matters relating to termination or continuation of automatic stay under § 362.

The following categories are generally more applicable to accountants and financial advisors, but may be used by all professionals as appropriate.

ACCOUNTING/AUDITING: Activities related to maintaining and auditing books of account, preparation of financial statements and account analysis.

BUSINESS ANALYSIS: Preparation and review of company business plan; development and review of strategies; preparation and review of cash flow forecasts and feasibility studies.

DATA ANALYSIS: Management information systems review, installation and analysis, construction, maintenance and reporting of significant case financial data, lease rejection, claims, etc.

LITIGATION CONSULTING: Providing consulting and expert witness services relating to various bankruptcy matters such as insolvency, feasibility, avoiding actions; forensic accounting, etc.
